There are several topics being presented in the upcoming Summer School 2018. Within these topics there will be examples of collaboration, community engagement, and innovation.

TOPICS
• Health Equity in Practice
• Building Healthy, Safe & Inclusive Environments
• Healthy Relationships for Children & Youth
• Literacy & Inclusion
• Emergency Response

OBJECTIVES OF PHABC’S SUMMER SCHOOL
By the end of the summer school, attendees will be able to:
• Identify public health approaches to building safe and inclusive communities.
• Understand how physical and social environments influence community safety, inclusion and health.
• Assess barriers to safety and inclusion in their own communities.
• Examine innovative and collaborative methods of promoting community safety and inclusion.

Main Sites: University of Victoria, University of British Columbia, University of British Columbia Okanagan, University of Northern British Columbia
