

CKD Symposium for Primary Care

The second annual CKD Symposium for Primary Care Providers will take place November 29th at the SFU Morris J. Wosk Centre in Vancouver. The symposium will also be accessible across the province through live streaming broadcast.

In addition to receiving Mainpro M1 credits for attending, the first 10 out-of-town BC registrants will receive free accommodation for one night at the Delta Hotel Suites.

Topics will include diabetes and proteinuria, acute kidney injury, and kidney stones and cysts. A panel of experts featuring nephrologists, pharmacists and family physicians will provide advice on delegate case studies.

More information and a registration link can be found on the symposium website: www.ckdsymposium.ca
