

BCT at Dragon Boat Festival

BC Transplant joined thousands of Vancouverites on a mid-June weekend for the 26th annual Dragon Boat Festival. The weather was hot, the crowds were enthusiastic and the races were competitive.

It was BCT's second year as an exhibitor at the festival. Hundreds of festival-goers stopped by the BCT tent to ask questions and to register as organ donors. BCT volunteers, most of whom were organ recipients, were particularly pleased by the number of visitors who shared stories about their personal connection with transplant.

BC Transplant also supported the Gift of Life Dragon Boat Team, which competed at the festival. The team is comprised of athletes with firsthand experience of an organ transplant, including kidney, heart and lung recipients, as well as donor family members.

Photos from the 2014 Dragon Boat Festival are available on BCT's [Facebook page](#).
