

## New on our website

The BC Renal Agency website is continually being updated with new information and resources for care providers and patients. Some recently posted resource materials include:

For healthcare professionals:

- [Kidney Care Clinic: Best Practices Guideline](#)
- [Common prescribing questions for patients with chronic kidney disease not on dialysis](#)
- [Early Identification of Kidney Disease for Family Physicians Brochure](#)

For patients:

A series of transplant-related booklets was recently created by the Renal-Transplant Partnership. The series received a prestigious gold Hermes Award for outstanding design and communication. The booklets in the series are:

- [Finding a Donor - Getting the Word Out](#)
- [The Kidney Transplant Process - A Step by Step Guide](#)
- [The Living Donor Kidney Transplant Process - A Step by Step Guide](#)

Follow us on Facebook (Facebook.com/BCRenalAgency) and Twitter (@BCRenalAgency) to get real-time updates when new or updated resources are added to our website.
